

Meet the Smyles

We'll do whatever it takes and then some.

Learn about dental health the fun way

Visit Delta Dental's website for children, parents and teachers to learn more about children's oral health.

Fun features on MySmileKids include dental health-related activities, games and stories.

Our website has many activities to promote healthy smiles. Children learn about dental health the fun way with interactive games, stories, coloring pages, fun facts and health tips. The site also has sound effects, so turn up the volume!

Adults, too, will find the website useful. MySmileKids features a

section of health education materials for teachers to incorporate into lesson plans, or for parents to share with their children. There's also an interactive quiz to help you determine your child's risk for cavities.

Link to MySmileKids from the home page on the Delta Dental website, or go directly to mysmilekids.com.

WE KEEP YOU SMILING®

Why do 54 million enrollees trust their smiles to Delta Dental?

- More dentists
- Simpler process
- Less out-of-pocket
